Match Handicap will be 80% rounded up or down to a whole number of the Course Handicap Index differential for the course / tee box used for the match. Players must play from the same tee box. Matches tied after 18 holes continue play, the winner is not determined by a scorecard playoff. Continuing play on that course will require the same stroke allotment on the same holes as the match. If continuing is not possible, players may determine whether to replay the entire match or resume play at a later date with the first hole being the 19th hole of the match. If continuing later on a different course, handicaps will be recalculated but will use players index at the time when originally played to determine the Course Handicap Index.

Players are responsible for scheduling their match. The website has contact information for all participants.

You can contact Steve Denby or Bob Proffitt to have the match handicap provided if you are unable to perform those calculations. For questions, contact Bob Proffitt, rtproffitt904@gmail.com or text / call 281-460-0791.
